# Press Release

## **Lib Grimmert, native Texan, resident of Farmers Branch will be running for TX House District 115!**

Lib Grimmert has lived all her life in our district where she attended school, church, and works here too. With the help of a core group of concerned citizens, she has been studying the Texas legislature for the past few sessions and was very disappointed in what was transpiring in Austin. With their help, she decided to run for the TX House District 115 for the primary in March of 2012 and then on to the election in November of 2012. We have a group of committed citizens who are willing to go the extra mile to ensure that we make a difference in Austin in 2013. Our main concerns are the lack of interior enforcement in the state with regard to illegal aliens, the threat of Sharia coming into our state and how we can make sure that never happens, and our school districts' threat of laying off teachers – we know there is a better way. Our plan is to be a grassroots citizen movement with Lib Grimmert as the spokesperson. We are looking for citizens who would like to join us both here during the election and after we arrive in Austin so that all the issues can be covered. There are many committee meetings that one person cannot possibly attend so we will have eyes and ears on as many as we can attend. We will take no money from businesses or lobbyists. The people of District 115 are important; their needs must be addressed and the system in Austin must be shaken to the core to provide for the people once again.

Lib Grimmert attended Mary Immaculate School in Farmers Branch, Ursuline Academy, and the University of Texas at Austin. Her love of Texas, this district, her family and the friendships she has made over the years keep her firmly rooted in wanting what is best for our District. Five years ago, 68% of Farmers Branch citizens voted in favor of an Ordinance on illegal immigration that would help change the city and brought us nationwide recognition. The group that worked so hard to make this and other great things happen has stayed together watching the movement in our State legislature. It is time to stand up and make a difference; we are ready to do just that and would like anyone to join us, whether in the district or not.

From this experience, Lib became active in various Republican organizations to learn more about what was happening in Dallas County. Committed to ethical elections free of voter fraud she volunteered as poll watcher in the election cycle of 2010. She worked behind the scenes, making calls for Pastor Stephen Broden in 2010 as well as working to help elect Farmers Branch city council members and mayor's races over two election cycles. She does her homework and continues to research bills, watches committee meeting archives and reaches out to citizens who are like-minded.

She is fully committed to her community, a member of the Farmers Branch Tea Party, Metrocrest Republican Club and recently involved with the Carrollton Tea Party. She continuously listens to speakers who are experts in their fields learning as much as possible. Lib works for Visiting Angels, a member of the Farmers Branch Chamber of Commerce and the Coppell Chamber. This job has given her the opportunity to meet many people in the district and hear their needs.

Lib's life has always been about people first; through personal tragedy during high school and another in her 20's, she realized early in her life that people are really why we are here on earth; to love and to help as we are able. God has given us all talents; we need to use them to make a difference in our state and in the United States of America. We hope you will join us.

A vote for Lib Grimmert is a vote to send District 115 to Austin!
