

I am sending this letter to all of my friend in the "Third House" of the Legislature. You are truly an important part of the Legislative process.

You are the source of information for the impact of Legislation on our constituents and the business interests of Texas. Without your help, it would be impossible to learn of this vital impact. You are truly an essential part of the process.

Campaigns cost money, as you well know. I need your financial support for my campaign for State Representative District 83. Money is an essential part of the process. Your financial contribution will help me win this important election. I've provided a return envelope for your convenience.

I'm counting on you! Thank you in advance for your help. Your important contribution will be used efficiently and effectively and be a part of making a difference. Likewise, any endorsements that you can make on my behalf for this important campaign, would be greatly appreciated.

Thanks so much.

Sincerely,

A handwritten signature in cursive script that reads "Delwin Jones".

Delwin Jones
